

# THE CONWAY MONTESSORIAN

643 Reedy Rd | 501-327-6460 | [conwaymontessori@gmail.com](mailto:conwaymontessori@gmail.com)

## Remind Texts

We are asking that parents sign up for our Remind text message notifications. To sign up, text @conwaymo to 81010. This is the best way to get reminders about important information.

## Nut Free

We still have some lunches coming with nuts in them. Please be mindful that we are NUT FREE. This includes all types of nuts.

## Extra Clothes

Please make sure that your child has extra clothes in their cubby.

## Coming up

June 15-19th:

Nature: What a Wonderful World!

## Engineering: “Can you build it? Yes we can!”

This week is our first week of the new summer program! We have a fun week planned!

Monday: Inventors stations

Tuesday: Gymnastics

Wednesday: Catapults and Angry Birds

Thursday: Bridge and structure construction

Friday: Revisit favorites

## Meet our new teacher

---

### Caroline Cross

Caroline studied History at the University of Arkansas. This is her first year with us, so please help us welcome her to the Montessori family!

## *Changes to the summer program schedule*

We are going to switch Nature Week and Space Week. Kaye Clanton, formerly the astronomy teacher for Conway High School, will be coming to do some cool space stuff with us that

We are still in search of a few supplies for nature week! If anyone has any large sticks or branches that we can use for a project, it would be greatly appreciated! One other thing that would be helpful would be if any parents out there have old button up shirts that have stains or aren't wearable anymore for us to use as paint smocks.

## *Snacks!*

If anyone is interested in signing up to be a "snack helper" and getting snacks for the class, there is a calendar on the office door. Write your child's name on the day you would like to bring snack. Please be mindful of our no nut policy. Birthday snacks are always welcomed!

Last week, we tried out our new snack program. The kids have done a GREAT job eating some healthy snacks! The mornings have been a variety of fresh fruit and veggies and the kids have eaten every bite! We would like to keep this going, so please keep this in mind also when getting snacks.

Best wishes!

Emily Madden

Director
