Start of School Year

The start of our school year is quickly approaching! Our first day of class will be August 17th. We will also start serving hot lunches that day. Please note that that is also the start of our Nut Free policy again. We will have an open house and new parent orientation shortly after we begin our year. I will be sending out more information later this week about which teacher your child will be working with and the intern that will be joining our morning team!

Best wishes!
