Lynita Langley-Ware

Lynita is the Director of the Faulkner County Museum. She is a registered professional archeologist and has a special interest in Native American history in present day Arkansas! She holds degrees in anthropology from UA Fayetteville and the University of Alberta with a specialty in arctic archeology and zoo archeology. She will be coming to speak with us about Native American artifacts in our area and the process of digging up artifacts from the settlers and Native Americans!

Supplies for this Week

For our big week of digging we could do with borrowing a few things! If anyone has any strainers, paint brushes, or plastic tools (like rakes and screwdrivers) that we can use, please give them to Mr Seth!

Start of School Year

The start of our school year is quickly approaching! Our first day of class will be August 17th. We will also start serving hot lunches that day. Please note that that is also the start of our Nut Free policy again. We will have an open house and new parent orientation shortly after we begin our year. I will be sending out more information soon about which teacher your child will be working with and the intern that will be joining our morning team!

Best wishes!
